YARLOOP COMMUNITY CATCH UP

On the 22nd of May, the Yarloop CRC held a Community Catch Up for all past and present residents. The Centre was a hive of activity with over 30 people who attended the event.

Everyone brought a plate, a bit of a change from the weekly Yarloop Connect Community BBQ that the Centre usually holds and we were treated to some delicious homemade goodies.

It was lovely to see that our past resident artist Vida Hill is back in the swing of things and donated a beautiful painting (pictured) to the CRC which she had invested so much time to in the past.

Thank you to everyone who came and brought a plate, it was great to see so many familiar faces. We look forward to seeing you all again in the future.

Burning Period

Monday, May 28th, 2018

Notice is hereby given that the Burning Period for the whole of the Harvey Shire now applies.

For further information, contact the Harvey Office on (08) 9729 0300 or view our website under Bushfire Permits.

YARLOOP ENDURANCE RIDE 2018

On the 19th of May the Annual Yarloop Endurance Ride was held at the Log Fence Pony Club grounds. It is a Western Australian Endurance Rider's Association ride organised by Ali Healy and her team of volunteers.

There were various distances offered to riders from 10km to 80km. With a fantastic total of 103 riders participating in the event. It was great to see all the kids and new riders – these people are the future of the sport and they had over double the amount of entries in the 10km distance this year compared to last.

The weather was lovely as riders from a wide range of ages set off from the back of the Log Fence Pony Club grounds and rode out onto Andrew Kaus' property. A big thank you to Andrew and his family for offering their property for the ride, the riders really appreciated the stunning view coming back down the hill. People leading some of the 10km riders really appreciated not having to walk up the hill.

Annabel Sewell (*pictured*) was led on the 10km ride by her father Mark Sewell who said it was their second Yarloop endurance ride. "It is such a great event and we intend to keep coming back."

There were a few seasoned endurance riders and horses who tackled 'Killer Hill' in the 80km ride, so the event catered for riders of various skill level.

Ali Healy would like to give a big thank you to Melissa Jenkins for allowing use of her paddock at the top so riders didn't have to come out on a bad bend on the road and a massive thank you to all the helpers and volunteers – especially Ruth Morley and her amazing family, she couldn't have run such a successful ride without them and she appreciates each and every one.

The event was a huge success and we're sure next year will be even better.

YARLOOP FIRE SHED OFFICIAL OPENING

On the 26th of May, Yarloop saw the first piece of major infrastructure open in town since the 2016 Yarloop Bushfire. The Yarloop Volunteer Bush Fire Brigade's new station stands proud opposite the war memorial, a new facility for the brigade to call home after working out of the Cookernup Fire Shed for the last 2 years.

Department of Fire and Emergency Services Commissioner Darren Clemm, Emergency Services Minister Fran Logan, Robyn Clarke MLA and Harvey Shire President Tania Jackson had the

honour of declaring the station open. The Yarloop CWA Ladies did a fantastic job catering for the opening, a huge thank you for all the work you do in our community.

A brand new truck also made a great addition to the brigade, who now have a fleet of two trucks (a 34 and a 44) and a fast attack.

We look forward to a future open day for the Yarloop fires to show off their new facility to the community.

YARLOOP COUNTRY WOMEN'S ASSOCIATION NEWS

No tools down when you're a CWA Member! Over the past month the Yarloop Branch has catered for two funeral wakes – including one of our own members - Olive Maughan from Harvey. Olive was well known for her cooking and especially her cake decorating skills.

We also catered for the opening of the Yarloop Fire Brigade Building recently. Catering provides our newer members with the skills to organise an event, liaise with customers, try new recipes and meet new people. A portion of the income we receive is held in trust for donating to local organisations, State CWA Office operational expenses and scholarship funds, emergency relief and is distributed at the end of the year.

Yarloop members are looking forward to the State CWA conference in July which is a powerhouse of female thinkers, movers and shakers. Branches have the opportunity to put votes and voices for or against financial and general motions put forward by other branches, meet other branch members, hear how other branches are going and embrace new concepts and fundraising ideas.

Our branch activity this month is making reusable shopping and grocery bags, complementing one of our aims - "wise

use of resources". These bags are made from fabrics which would otherwise have been thrown away or sit in a cupboard for years. There are heavy duty and light weight bags, depending on what you intend to put in them. When available, they can be purchased from CWA members for a donation (depending on size). We are just waiting on some iron labels and they will be ready for sale. Look out for our members selling them in the near future.

The CWA Boomerang Bags in Action

MY HEALTH RECORDS INFORMATION SESSION

Thank you to all who braved the weather on the 25th of May and attended our community information session on the new My Health Records program. A big thank you to the WA Primary Health Alliance ladies, it was a very informative session.

My Health Record is a national digital health record system which allows all your health information such as medical conditions, treatments, test results and scans can be available all in one place.

By the end of 2018, a My Health Record will be created for every Australian, unless they choose not to have one. If you don't want a My Health Record, you will be able to opt out of having one created for you during a three-month period in 2018. This period will run from 16 July to 15 October 2018.

The protection of patient information is critical and the My Health Record system has strong safeguards in place to protect the health data. It is also subject to some of the strongest legislation in the world to prevent unauthorised use.

If you were unable to attend the session but would like an information packet about My Health Records – pop into the Yarloop CRC at the Yarloop Sports Pavilion or visit www.myhealthrecord.gov.au

NATIONALS for Regional WA

Transwa

Construction has begun at Yarloop Station to upgrade the low-level platform to be raised - compliant with Disability and Discrimination Act (DDA) standards. The station will be closed to the public and reopening proposed for mid-year. Passengers will need to use Cookernup OR Waroona Stations during installation of the new raised platform.

The new raised platform will improve the experience of Transwa passengers travelling to or from Yarloop on the Australind service, which operates twice daily between Bunbury and Perth.
